Re: Permanent Closure of Modern Beauty Academy

Dear Students:

Modern Beauty Academy (the "School") is permanently closing and ceasing operations effective August 28, 2026, at 6:00 a.m. Pacific Time. As a result, all classes, instruction, and other School operations are ending at that time.

Students should not report to the School for classes or instruction or enter the School premises after the effective closure time.

Students will receive additional information concerning academic and financial aid records, potential transfer or teach-out options, refunds, and other available assistance as it becomes available. The School expects to be the subject of a Chapter 7 bankruptcy filing. Following the filing, a court-appointed trustee will control the School's records and assets.

Please submit an itemized written request concerning any personal belongings at the School to ModernBeautyAcademy2026@yahoo.com.

We recognize the abrupt nature of this announcement and regret its impact.

Sincerely,

Michael Hooper
Authorized Representative
